### **TMicro 4 & TMicro 6**

Despite minimum dimensions, the new TMicro series loudspeakers will amaze you with an emphatic richness of sound. In interplay with the classical aluminium housing, the neodymium dome and a precisely-matched frequency crossover, we have built loudspeakers which are capable of convincingly playing music as a standalone converter – even with minimum dimensions.

The slender, filigree TMicro 6 column loudspeaker will amaze you with an unexpected richness of sound thanks to its triple bass fittings. It will impress you with its authority, fullness and sensitivity, especially in small rooms and modest spaces. The slender aluminium columns can fit excellently into any furnishing style without fuss or bother - discreet, timeless and elegant.

The satellite loudspeaker TMicro 4, at less than 28 cm high and only 14 cm wide, has a wide variety of operating areas. The «Benjamin» can always find a place on the shelf, on the writing desk, the sideboard, the window sill
